

Privacy Policy

Christian Broadband Ltd takes your privacy extremely seriously. We never sell, rent or disclose your personal information to any third party without your consent, unless you give us permission to do otherwise.

Data we collect & why.

There are forms on the website which you can use to contact us / send information. We will not collect personal data from you unless you provided it on a voluntary basis. If you would rather not give us your mobile phone number, or other information, please do not submit it. However, if you require response to your query we will need some way of making contact with you. You need only supply on contact method, but the more detail you provide the easier it will be for us to get in touch. On some of the forms you may be asked if you want to be added to our mailing list and/or our emailing list. We need your permission to add your details to these lists, otherwise we will simply use the data you supplied to make contact and follow up the enquiry that you submitted. In asking to be added to our mailing lists you may receive invitations to Christian Broadband Ltd seminars and events, reports and marketing information which we think may be of interest. We will never share these lists with third parties and you can opt out of receiving information from Christian Broadband Ltd at any time. If you ask to be included on our mailing lists we will add your name to our central database of contacts. If you want to see the data we hold about you on this database simply email info@cdbl.co.uk

Cookies

We do not put cookies onto your computer when you use our site.

Tracking information

When you use our site we may track certain information on how you use our site, including the pages you visit, URL from which you just came, which URL you go to next, your IP address and what type of browser you are using.

Where the data is kept

When you hit the send button on a form your data is automatically saved on a secure server. While we make every effort to ensure that your information is secure on our system, no data transmission over the Internet can be guaranteed to be 100% secure. As a result, we cannot guarantee the security of any information you transmit to us, and you do so at your own risk.
